

TO: HOME BUYERS

Re: Wheels and Axles

In an effort to maintain the most competitive prices in our market for you, the customer, the wheels and axles will be used for transportation purposes only. After delivery they will be removed from the site.

**We hereby have a mutual agreement between buyer and seller that later in time if the home is moved the customer may notify \_\_\_\_\_ and borrow axles and tires as long as they pick them up and return them after the move.**

**This will enable the customer to have tires that are not dry rotted and axles that do not have frozen hubs. This will be free of charge.**
